

# With You Through Life's Journey...

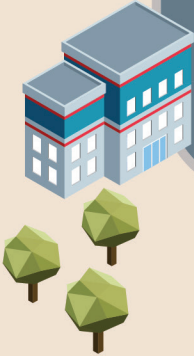

Asian Americans,  
Native Hawaiians, and  
Pacific Islanders

We are with you from day one, with a Social Security card and benefits for your children.

Did you know that 4 percent of all Social Security benefits are paid to children?

If you legally change your name due to marriage, divorce, or any other reason, let us know so you can get an updated Social Security card — and so we can accurately keep track of your earnings. There is no charge for a Social Security card.

Whether you just started working or finally got your dream job, your employer verifies your Social Security number with us. That way your earnings record is accurate and up to date in case you need benefits. Keep track of your earnings record by creating a *my* Social Security account. If disability strikes, we are there with disability benefits for you and your dependents.

If you lose your soul mate, we are there with benefits to help you get through the difficult time.

Disabled workers and their dependents account for 13 percent of Social Security beneficiaries.

When most people think of Social Security, they think of retirement benefits — and with good reason. But we are more than retirement benefits; we also offer many online tools to help you plan for your future.

Securing today  
and tomorrow
